who should attend:

Architects, engineers, contractors,
businesses, industries, city, county and
community leaders and consultants

LEARNING

FROM THE PAST

PLANNING

FOR THE FUTURE

**The Iowa Disaster
Recovery Conference**

conference highlights:

A two-day conference, with an optional workshop on the third day, that will provide an overview of critical regulatory issues in response to communities devastated by the 2008 Iowa natural disasters and the efforts to rebuild those communities, including sustainable and green design.

December 9-10

Marriott Coralville Hotel & Conference Center

highlights:

- Learn from the experience of those impacted by natural disasters, their recovery, the regulatory issues involved, the rebuilding process, and an exploration of strategies to consider prior to reconstruction.
- Three concurrent breakout session tracks: Natural Disaster Recovery, Regulatory Compliance and Sustainability/Green Design.
- Presentations include: the Reality of Planning for Disasters, Flooding Impacts on the Infrastructure, Dealing with Waste Disposal, Asbestos Requirements, Mold Remediation, Stormwater Best Management Practices, Brownfield, Flood Plain Mitigation and Where Do We Go From Here: Planning for the Future.

keynote speaker: Mayor Bob Dixon of Greensburg, Kansas and Parris Glendening, President, Smart Growth Leadership Institute.

optional program on December 11: Community design workshop led by design professionals including the American Institute of Architects (AIA), the American Planning Association (APA), the American Society of Landscape Architects (ASLA) and the US Green Building Council (USGBC). The workshop will apply the issues discussed in the first two days of the Disaster Recovery Conference, exploring sustainable strategies for communities to use as a road-map for reconstruction efforts.
